Mixed AADC	\$0.230	\$0.239
AADC	\$0.208	\$0.213

PRODUCT	UPDATE
Media Mail and Library Mail	USPS is eliminating presort rates for Media Mail and making small reductions in retail Media Mail rates.
Marketing Mail	DNDC rates are being eliminated. NDCs (Network Distribution Centers) have been merged into SCFs (Sectional Center Facilities) as USPS restructures its distribution network, so discounts for taking your mail to an NDC no longer serve any purpose. Also eliminated are basic carrier route rates for automation letters. These rates have been higher than automation 5-digit rates so they are rarely used and have little value to mailers.
Bound Printed Matter	The USPS proposal to end Bound Printed Matter rates has been denied by the Postal Regulatory Commission.
